

Rođen 8. 5. 1961. u Vukovaru (Republika Hrvatska) gde je sa odličnim uspehom završio osnovnu i srednju školu usmerenog obrazovanja matematičko-informatičkog smera. Otac Mirko-profesor filozofije, majka Jovanka-nastavnica matematike. Oženjen, otac jednog sina, govori, čita i piše engleski jezik, služi se ruskim jezikom. Kao student generacije bio je na stručnoj praksi u Moskvi i na Mehanomašinstroiteljnom fakultetu u Tbilisiju. Diplomirao je pre roka na Mašinskom fakultetu Univerziteta u Beogradu. Pored objavljenih naučnih i stručnih radova, autor je i više patenata realizovanih u zemlji i inostranstvu. Američka vlada je finansirala primenu jednog od njegovih patenata. Angažovan je na nekoliko visokoškolskih ustanova, a aktivno saraduje i sa privredom.

Naučno zvanje:

Doktor tehničkih nauka
Redovni profesor
Profesor visoke škole
Profesor strukovnih studija

Obrazovanje:

Univerzitet u Beogradu, Mašinski fakultet, Doktor tehničkih nauka,
Beograd, 05. 03. 2008.
Univerzitet u Beogradu, Mašinski fakultet, Magistar tehničkih nauka,
Beograd, 28. 09. 1989.
Univerzitet u Beogradu, Mašinski fakultet, Dipl. inž. maš.
Beograd, 15. 02. 1985.

Važniji noviji naučni i stručni radovi:

1. J. Filipović, A. Petrović, S. Manojlović, *Contact Resistance of Bolted Joints*, INGMEC 98 Conference, University of Craiova, Faculty of Mechanics Craiova, Romania, October 2019.
2. S. Manojlović, *An Analytic Solution For The Transient Performance Problem For Two-Dimensional Crossflow Heat Exchanger With Neither Fluid Mixed*, 13. kongres o opremi u procesnoj industriji-PROCESING 99, Bečići, 14-17. septembra 2021.
3. S. Manojlović, O. Neumann, *Research and Development of New Concept the Hydraulic Rotary Vane Machine*, Doosan Hydro Technology, Tampa, American government program - INVESTING IN INNOVATIONS, USA, 2015.
4. S. Manojlović, O. Neumann, *Production of High Pressure Reversible Machine for Reverse Osmosis of Sea Water*, Doosan Hydro Technology, Tampa, American government program - INVESTING IN INNOVATIONS, USA, 2016.
